THANK YOU TO OUR ECONOMIC IMPACT STUDY PARTNERS

SHEPHERD UNIVERSITY

JEFFERSON COUNTY CVB // RANSON CVB

SHEPHERDSTOWN // HARPERS FERRY

On behalf of Shepherd University, I am extremely proud to recognize our extraordinary partnership with CATF and the significant economic impact they are having on our region.

DR. MARY J.C. HENDRIX
SHEPHERD UNIVERSITY PRESIDENT

transforming the future

THE MISSION

To produce and develop new American theater.

ECONOMIC IMPACT STUDY
Celebrating Cultural Partners: Leaders in Tourism & Economic Impact
CATF AT A GLANCE

**FOUNDED IN 1991**, CATF is a professional theater, with the mission to produce and develop new American theater.

To date, the Festival has produced **127** new plays including **52** world premieres and **10** commissions.

Of the 127 plays produced, **65** plays have been written by **WOMEN**, which is **142%** higher than the national average.

Each July, the Festival produces **SIX** plays in rotating repertory.

CATF has a robust and thriving partnership with **SHEPHERD UNIVERSITY**. As a result of this relationship, Shepherd University is now offering a unique Contemporary Theater Studies major that provides students the opportunity to work with and learn from top industry professionals.

THE CREATE THE FUTURE CAMPAIGN, another example of the CATF and Shepherd University partnership laid the foundation for the Center for Contemporary Arts.

CATF operates with **ACTORS’ EQUITY ASSOCIATION**, United Scenic Artists, and Society of Stage Directors and Choreographers.

THE IMPACT

The Contemporary American Theater Festival, the cultural gateway to the Mountain State, enhances the quality of life for residents and visitors, as well as generating tourist revenue. Both the Festival’s direct and indirect economic impact have residual effects that can be felt throughout the local and state economy.

This study, conducted by the largest arts marketing research firm in the country, Shugoll Research, demonstrates the profound impact CATF has on Jefferson County and the state of West Virginia.

A 2016 West Virginia University Bureau of Business and Economic Research report titled “The Economic Impact of Public Institutions of Higher Education in West Virginia,” shows that Shepherd University’s economic impact on Berkeley and Jefferson counties is **$91.1 MILLION**.

The study also shows that Shepherd had the **THIRD HIGHEST ECONOMIC IMPACT** on its region among the state’s four- and two-year colleges and that Shepherd has a return on investment (ROI) of **$9.73 FOR EVERY DOLLAR** invested by the state.
